North Delaware, guilty of resisting arrest.

Cress also issued a hotly contested parking ticket in 1975 to then-prosecutor James Kelly.

Kelly maintained Cress never gave him the ticket and asked the Marion County grand jury to determine if Cress had committed perjury in preparing a police report on the incident.

THE GRAND JURY ruled that Kelly didn't know the ticket had been issued to him.

Grimes was arrested three times in the last five years but was never convicted, court records show.

A June 19 charge of possessing a firearm was dismissed when a policeman failed to testify. Also, an April 1980 charge of battery was dropped, and Grimes was found not guilty of interfering with a policeman in June 1976.
