

RULES TAKEN PRISONER; QUEEN SO CAPTURED

1st Army Cut to Pieces in Primary Battle and Remnant Surrenders to Nationalists.

SLAIN, 1,000 WOUNDED

Emperor Probably Will Be in Charge of Allies and Offer Fate of Ex-Kaiser.

WEST, Oct. 24.—(By the Associated Press).—Ex-Emperor Charles and his wife Zita were captured today morning and are now confined in a prison at Tata Tovaros, guarded by companies of government troops. The emperor's troops, covering the rear of the ex-ruler, were forced to surrender and are prisoners.

The emperor's Premier Rakovsky and his cabinet were captured at the same time as ex-Kaiser Charles and his wife Zita near Komorn. The emperor's forces that were not captured are fleeing in all directions. It is not likely to be a third attempt by Charles to regain the throne. The emperor now awaits the pleasure of the allies as to his fate.

Lost in Cloud of Dust.
The emperor's forces moved so rapidly that the allies have not yet reached them. As far as is known at the present time Charles managed to push a large body of troops to Budapest, a short distance from Budapest. At first he was successful against the forces of the Horthy, but when the Horthy's forces were reinforced Charles was forced to retreat at 5 o'clock this afternoon, closely followed by the Horthy's forces to Herceghalom. The emperor's retreat gained speed when it was reported that Col. Hejjas was marching the Horthy's forces in the rear, and by Monday the army of Charles had been driven away so fast that the emperor's forces lost all touch with them. He realized that the fortunes of the emperor were going against him, Charles fled to Budapest in an effort to obtain terms. His efforts without avail. Charles followed by the Horthy's forces, that they had been caught in two lines, the government forces in front and the forces of Col. Hejjas and Baron Pronay behind, became panic-stricken and Charles soon fled with only two companies of troops who were obliged to surrender.

Zeta Pleads for Children.
The emperor's wife Zeta and her children were captured near Budapest. Zeta pleaded piteously to be allowed to go back to her children, but she was refused.

Citizens Form Committee to Elect New School Board

150 Representative Persons Declare Purpose to Be Ousting of Present Members—Want "New Deal."

More than 100 representative citizens of Indianapolis comprise the nucleus of the Citizens' School Committee, which has for its purpose a new deal in management of the city schools. Indorsement has been given to a slate composed of Dr. Marie Haslep, Charles L. Barry and Adolph G. Emhardt, for the term beginning Jan. 1, 1922, and Charles R. Yoke and Fred Bates Johnson, for the term beginning Jan. 1, 1924.

The officers of the executive committee of the organization include Edgar H. Evans, chairman; Reginald H. Sullivan, vice chairman, and Lee Burns, treasurer. Already, upward of 150 citizens have pledged their support to the slate and their efforts in perfecting an organization in the fortnight preceding the election.

- The committee has established headquarters at 909-10 Lemecke Building, telephone Circle 3133, with Robert Tyler as executive secretary. It has asked citizens who share with the committee a desire to elect a board of school commissioners which will in no way be a continuation of the administration now in control to communicate with Mr. Tyler.
- Purpose of Organization.**
In outlining the purpose of the organization, Mr. Evans said:
"The citizens' school committee is the outgrowth of a feeling on the part of many of our citizens that the future of our public schools is in danger. It feels that the attitude of the present administration threatens the proper schooling of the children, the morale of the teaching force and the financial standing of the schools."
"It seems time, therefore, for citizens to arise in protest against the combination of this species of management and dangerous financial policies, and endeavor to secure proper educational facilities for the children of the community in connection with an efficient business-like program."
"We feel that our organization must largely be of volunteer origin, and that the establishment of a rallying point will crystallize the sentiment known to exist in favor of a new deal in the management of our school affairs. Our platform, now in preparation, commits the candidates we have indorsed to provide adequate facilities for educating every child in Indianapolis in buildings constructed according to the stringent protective laws of the state, and by competent teachers adequately paid."

YOUTH SLAYS TWO BROTHERS WITH GAS PIPE

Relatives Believe Kosciusko County Boy, Known for "Queer" Actions, Became Insane.

OVERPOWERED BY FATHER

Scene of Crime Less Than Mile From Cabin in Lovett Murder.

[Special to The Indianapolis Star.]
WARSAW, Ind., Oct. 24.—Harry Long, 17 years old, son of Elam Long, a farmer, living nine miles west of here, late this afternoon killed his two brothers, Kenneth, 5 years old, and Russell, 3 years old. The boy is believed to have become demented suddenly, although he has been acting "queerly" for some time, according to relatives.

The three boys were playing in the barnyard before supper when Harry seized a length of iron gas pipe from a pile of refuse. He struck Kenneth, breaking his neck. The boy died instantly. Harry then rushed to the younger boy, Russell, and beat him across the head, fracturing his skull. The child died an hour later.

Neighbors Give Aid.

The father of the boys, hearing a scream, rushed into the yard, but was unable to stop the assault. He called to neighbors nearby, with whose assistance he overpowered his elder son and tied his hands and feet.

Sheriff C. C. Moon of this city was called. He and a number of deputies went to the farm and brought the boy to this city, where he was placed in jail.

The Long home is within a mile of the cabin in which Virgil Decker is alleged to have killed Leroy Lovett, for which crime Decker was sentenced to life imprisonment.

CONFLICTING CLAIMS MADE AS TO STRIKE ON TEXAS RAILWAY

HOUSTON, Tex., Oct. 24.—Houston, a scene of the first strike in the threatened nation-wide series of walkouts, today resounded to conflicting claims of railroad officials and union leaders.

The International & Great Northern declared both freight and passenger traffic is moving, although the former is greatly diminished in volume, it was said.
