EDUCATION NUMBER
69 Fifth Avenue, New York, N.Y.

16 May, 1927.

Dear Sir:-

THE CRISIS magazine publishes an annual EDUCATION NUMBER with information concerning colored graduates of American colleges. Could you kindly inform me:

1. How many students of Negro descent have you in your institution?
2. Can you give me a list of names and addresses of those Negro students who will probably receive degrees at your commencement or who have received degrees during the present scholastic year?

If you can not give this information, will you kindly refer me to some one who can?

Very sincerely yours,

W. E. B. Du Bois
