Registrar, Butler University

City

Dear Sir:

We have had inquiry from a number of students who had intended registering at Butler University this Fall but our attention has been called to the fact that the University officials have limited the number of colored students. Is this official and if so, what is the number of freshmen to be allowed and what will the total number of colored students be limited to? What are the standards of eligibility?

Thanking you for this information at your earliest convenience, I am

Very truly yours,

Michael J. Artis
Asst. Secretary.
