Southeast Working-Class Task Force Presents during the IUPUI 2020 Social Justice Symposium

February 1, the Southeast Working Class Task Force presented during IUPUI 2020 Social Justice Symposium. Over 50 engaged students, guests, and faculty from IUPUI and Ivy Tech attended the presentation, "Hey! Stop skipping class" on the issue of class (socio-economic status [SES]) as the hidden discriminator of campus.

The presentation went very well and was totally supported by the students.

Here's the review of the session, the PowerPoint, and the input of the students:
